Thanks Libby,

Cis, Here are a few suggested replies to keep things going.

## Ex. 5 - Deliberative Process

*organization is eligible to submit an application. Once we get the application package we can put out an announcement in the local paper that EPA received an application and that the community can submit an application within 30 days.*

o *(this is from my memory may need to double check timing, ect)*

5. Can I apply? *Yes, this was simply a decision to close the current grant and does not preclude S.Weber Coalition from applying from a new TAG.*

6. Will others be allowed to apply? *Yes, If others are interested in a TAG they may apply but there can only be one TAG per site and it should be representative of a diverse set of affected community members.*

7. How can I continue to engage at the site? *Yes, the Superfund process ensures the public appropriate opportunities and activities for involvement in a various of site-related decisions. The absence of a TAG does not preclude the public from engaging at the site.*

**Importance:** High

Hi There,

So looks like we have the go ahead with one catch. See Martin's email below. We need to gather together anticipate questions that we expect to receive from the Coalition. Sisay, can you take the lead on coordinating this questions with input from the others? Since the grant expires next Thursday we should get any questions to Martin by Monday, no later than Tuesday.

FYI, I am out of the office tomorrow and Friday. If I can see something by mid-morning Monday that would be great. I can't imagine there would be a tremendous amount of questions Here are some that come to my mind:

- Why did we not grant the extension – it's covered in the draft letter but we should put into a Q&A
- Can I appeal?
- What do I have to do know to close out the grant?
- Does EPA intend to announce it again? If so, when?
- Can I apply?
- Will others be allowed to apply?
- How can I continue to engage at the site?

Hope that helps in getting it started. I'm sure all of you can think of others. Thanks, Libby
